Dear Mr Shearer

I am writing to you to say a huge thank you for the great work that has been done for me, I am delighted with my new kitchen, the cupboard's and the workspace and the hob and oven are making a huge difference for me I am disabled with arthritis and now having handles on my door's and drawers are great. May I add what a great team of workers that did the work on my kitchen

were so well mannered and clean could you please pass on a huge thank you to the boys Adam, Danielle and the fitter for me what a great job they have done for me. Williamsburgh Housing certainly chose a great company to do this work, once again thank you.

Kind Regards
From Mrs Edlynch
