Dear David,

Re; Bathroom upgrade Croftfoot Drive, Fauldhouse.

Its with pleasure I write this letter to you re above, and to thank Weslo for their choice of contractor on this accasion for their really well carried out projectin my address and also a number of other tenants in this estate of whom I have spken with at lenthgh about the bathroom upgrade at this time.

The contractor MCN. 13, Lady Jane Gate, Bothweäl, have a very good team of lads who are all on site evry working morning and always very punctual, the same lads work han in hand all day untill their work is complete all in one working day. I want it to be known the completed work is veryhigh standard in our humble opinion and very much appreciated, even at the end of their working day all disused materials are removed from our addresses, an ecellent job well done.

Thank you Weslo and Andy and Derek at MCN ant their hard working and efficient working guys.

I also wish to personaly thank Graeme Murray and Colin for their never ending and much appreciated advice.

I remain,
your's sincerely,

Ronnie McMillan.

cc. FAO. Andy and Derek MCN.
